ABOUT ME

As a dedicated Cybersecurity student, I'm driven by a deep passion for digital defense. I'm eagerly seeking opportunities to apply my theoretical knowledge in real-world scenarios, aiming to actively contribute to the field while accelerating my professional growth in this dynamic industry.

WORK EXPERIENCE

Projectionist

Salesiani Schio [18/09/2017 – 27/02/2020]

City: Schio | Country: Italy

During the weekend: ticket checking, starting the movie, checking and cleaning the theater.

During the week: loading the movie onto the projector, scheduling the intermission and final lights to start automatically, selecting and editing the trailers at the beginning and end of the movie.

ICT technician

Jaf Ahmed [27/05/2019 – 14/06/2019]

City: Portsmouth | Country: United Kingdom

I actively assisted in the creation and maintenance of company databases, managed payroll and invoices. When needed, I also helped in the kitchen and with home deliveries.

Secretary

Roberta Venzo [02/09/2019 – 13/09/2019]

City: Schio | Country: Italy

I managed document archives, cataloged delivery notes and invoices, handled incoming emails, and organized the office to optimize the time needed to locate specific documents.

Sales assistant

Lidl Italia [03/10/2022 – Current]

City: Piovene Rocchette | Country: Italy

Cashier: Process transactions, handle payments, and ensure customer satisfaction at checkout.

Bakery Assistant: Prepare, display, and sell fresh baked goods while maintaining a clean work area.

Stock Clerk: Monitor inventory, restock shelves, and organize products to maintain store appearance.

Customer Service: Assist shoppers, answer queries, and resolve issues to enhance the shopping experience.

EDUCATION AND TRAINING

Master's Degree in Cyber Security

University of Trento (Italy) & University of Turku (Finland). [09/09/2024 – 15/07/2026]

Country: Finland | Website: <https://masterschool.eitdigital.eu/cyber-security>

Bachelor in Computer Science

University of Trento [21/09/2020 – 16/07/2024]

Address: via Sommarive, 9, 38123 Povo (Trento) (Italy) | Website: <https://offertaformativa.unitn.it/en/L/computer-science> | Level in EQF: EQF level 6

High School

Technical and Technological Economic Institute Pasini Schio

Address: Viale Tito Livio, 1, 36015 Schio (Italy) | Website: <https://www.istitutopasini.edu.it/> | Field(s) of study: Business, administration and law

LANGUAGE SKILLS

Mother tongue(s): Italian

Other language(s):

English

LISTENING C1 READING C1 WRITING B2
SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

German

LISTENING A2 READING A2 WRITING A2
SPOKEN PRODUCTION A2 SPOKEN INTERACTION A2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DRIVING LICENCE

Driving Licence: B 09/07/2020 – 29/07/2030

HOBBIES AND INTERESTS

Computer Science

I enjoy creating simple computer programs to solve specific problems. I'm particularly passionate about networks, especially the functionality of internet antennas, as well as all aspects of cybersecurity and fintech.

Hiking

Living at the foot of the mountains, I like to go hiking when possible. I relish both the invigorating walks and the stunning panoramic views from the peaks. Each hike allows me to connect with nature while reflecting on history, as many trails are steeped in stories from World War I.

VOLUNTEERING

[18/09/2017 – 13/03/2020] Salesiani Schio

Homework Assistance

I provide homework assistance to elementary and middle school children, especially in computer science and mathematics.

PROJECTS

[01/05/2024 – 16/07/2024]

Telegram Bot for Optimizing and Simplifying Sports Management

Description:

Development of a Telegram bot to simplify the management of sports activities, allowing operations without the need to access web platforms. It includes features for notifications and team chat, improving communication among members.

Objectives:

- Create a simple and intuitive user interface.
- Optimize workflow in sports management, reducing management time.
- Reduce errors in communications and operations by providing a notification system for timely updates.

Technologies Used: Python, Flask API, InfluxDB

Future Impact:

Bots represent a growing trend in service automation, as evidenced by the widespread use of WeChat in China. The project has been validated through testing with end-users, demonstrating its effectiveness in reducing the time needed for users and minimizing errors.
